      Familiar with Android Studio

EDUCATION

<u>Software Development</u>
 Certificate of Higher Education, Software Development
 Moringa School, Nairobi Kenya
 [2023/09- 2024/03]
 Modcom Institute, Westlands
 [2022/10- 2023/01]
 <u>**COMPUTERPACKAGES**</u>
 Mother Bucchi Computer College
 [2022/04- 2022/08]

I finished and extensive software engineering program where I learned a great deal about many facets of software development and obtained real-world experience. Fundamentals of programming, web development, databases, and project management were among the subjects taught in the curriculum. I gained expertise in programming languages like Python and JavaScript as well as frameworks like React and Flask through practical projects and group learning settings, I also improved my problem-solving techniques, discovered best practices and picked up useful cooperation and communication abilities.
